(v) For the application of enhanced oil recovery processes.

(vi) To induct the latest managerial and technological practices.

The salient terms and conditions on which exploration blocks and discovered oil & gas fields have been awarded are as under:—

The contracts of exploration blocks are Production sharing contracts with a contract period in case of crude oil and associated gas, of upto 25 years. Companies are exempted from payment of bonuses and statutory levies. The Government of India would have the first right of refusal in respect of the oil produced under these contracts, with companies being paid for their share of oil at international prices. Provision for participation by ONGC/OIL in the venture at the exploration and/or the development stage has been made and ONGC/OIL can take a participating interest of 30% to 40% in the venture.
